J. K. Shaw,
Research Professor of Pomology

L. Southwick,
Technical Assistant in Pomology

Plantings Light—On January 1, 1935, there were in the United States about 100,000,000 apple trees of all ages. This is less than one-half of the number reported in 1910, and about 14 per cent less than the number reported in 1930. Since 1930, plantings have been light and removals have continued. The result has been a further decrease in tree numbers of bearing and non-bearing age.

Leominster, Mass., April 15, 1937

South Haven. August 25th. A very large yellow freestone of Michigan origin. Tree is thrifty and productive.

Belle of Georgia. September 1st. Probably the best known and most popular of white varieties.

Elberta. September 4th. Known to all. King of Peaches.

J. H. Hale. September 8th. The tree is not a very strong grower, but the fruit of well grown J. H. Hale are immncsc, handsome and of excellent flavor.

Lizzie. September 20th. Best of its season. Similar to Elberta, being a chance seedling of that variety. Not quite as much red, but otherwise similar.

Peach Special No. 1. This variety originated as a chance seedling. It is a yellow freestone of the Elberta type and follows immediately after Golden Jubilee.

PEAR TREES

20 ft. apart is a very satisfactory planting distance.

	Each	Ten	100
2 yr. 1 1/2 in. cal. 5-7 ft.	\$.75	\$6.00	\$50.00
2 yr. 3/8-1 1/8 in. cal. 4-6 ft.65	5.00	45.00
2 yr. 7/16-3/8 in. cal. 3 1/2-5 ft.50	4.00	35.00
6 yr. transplanted (Clapp's Favorite only)			
1 1/2 in. cal. 7-8 ft.	3.00		
2 in. cal. 8-10 ft.	4.00		

Bartlett. September 1st. Large, yellow, standard canning variety.

Clapp's Favorite. August 15th. Large, bright red blush. Good quality.

Beurre Bosc. October. Very large, russet variety. Finest quality of any variety grown. The tree itself for the first few years is a poor grower, having a tendency to be quite crooked, but outgrows this with age.

Gorham. New, very similar to Bartlett in appearance and flavor, but ripening two to three weeks later.

Seckel. September 10th. Fine for pickling or table use.

Sheldon. A round, russet, fine flavored old time variety.

CHERRY TREES

	Each	Ten
2 yr. 1 1/2 in. cal. 5-7 ft. (except as noted)	\$1.00	
Black Tartarian. Very dark. Delicious sweet variety.

FLOWERING AND SPECIMEN TREES

Beech. Purple leaved. Dug with ball of earth. 4-5 ft. @ \$6.00.

Catalpa Bungei. (Umbrella Tree) 2 yr. heads @ \$1.25.

Crabs. This group makes one of the prettiest for lawn and specimen trees, being valuable not only for their blossoms, but also the resulting small fruit which adorn many of these varieties, often hanging to the tree even into winter.

Bechtel's Crab. Double flowering, peach blossom pink. Very sweet, 3-4 ft. @ \$1.50.

Floribunda Crab. Beautiful peach pink. 4-5 ft. @ \$1.50.

Carmine Crab. Very showy. Rich rosy red. 4-5 ft. @ \$1.50.

Cherry, Japan Pink Flowering. 5-6 ft. @ \$2.50.

Cherry, Japan Weeping Pink Flowering. 5-6 ft. @ \$4.00.

Dogwood, Pink Flowering. A most beautiful and striking lawn specimen tree. Dug with ball of earth. 3-4 ft. @ \$2.50.

Dogwood, White Flowering. Dug with ball of earth. 4-5 ft. @ \$2.50.

Magnolia Soulangeana. Bright pink. Dug with ball of earth. 3-4 ft. @ \$4.00.

Mulberry, Tea's Weeping. 2 yr. heads, 5-6 ft. trunks @ \$2.50.

Thorn, Paul's Scarlet. Beautiful scarlet flowers. 4-5 ft. @ \$2.50.

VINES

All 2 yr. No. 1

	Each	
Wisteria. Purple	\$.50	
Hall's Japan Honeysuckle35	
Boston Ivy35	
Clematis Paniculata. White, late summer35	
Clematis Jackmanii. A purple hybrid75	

Milford, Conn., February 19, 1937

Dear Sirs:
I have been trading with you for a number of years and I have found your concern more than satisfactory.

Springfield, Vermont, December 29, 1937

Gentlemen:
Very well satisfied with last year's Cortland whips.

Wampum, Pennsylvania, January 13, 1938

Gentlemen:
Last year we bought some nursery stock from you. It was the best we'd been able to get yet. We had no trouble getting it to grow.

SHRUBS

Shrubs naturally vary in their habit of growth. Some large, some small, some medium. We shall in each case furnish the very best 2-year No. 1 plants. \$.50 each except where otherwise stated.

Althea. (Rose of Sharon) Red, pink or white. Very erect. Late summer.

Almond. Pink flowering. Beautiful old fashioned plant.

Azalia Mollis. A large shrub, ranging from yellow to orange. 12-18 in. @ \$1.50. 18-24 in. @ \$2.00

Azalia Kaempferi. (Lorch Azalia) Beautiful orange red flowers. 12-18 in. @ \$1.50. 18-24 in. @ \$2.00.

Beauty Bush. One of the newer varieties. Very profuse bloomer, with pink flowers in early June. 75c each.

Butterfly Bush. Although of a woody nature, the growth kills back each winter to within a few inches of the ground, then making three to five feet the following summer, it being covered with purple or lavender sweet scented flowers which attract myriads of butterflies. Hence its name.

Coral Berry. Pink flowers, followed by red berries.

Deutzia Gracilis. Dwarf, white, June.

Forsythia Spectabilis. One of the earliest and most profuse bloomers.

Honeysuckle, Pink Tartarian. Pink flowers. June. Followed by red berries in late summer. Very attractive.

Honeysuckle, White Tartarian. Similar to the pink variety, but flowers white.

Hydrangea P. G. Large cone shaped flowers. Late summer.

Hydrangea Hills of Snow. White ball shaped flowers. Late summer.

Japan Kerria. (Double Flowering) Yellow flowering in early May, green bark very showy in winter. 75c each.

Japan Quince. Brilliant scarlet flowers in May.

Lilac. Purple.

Lilac. Named varieties @ 75c

Madame Lemoine. Double, white.

President Grey. Double, dark blue.

Souvenir de Louis Spach. Double, white.

Mock Orange Syringa. Cream colored, very sweet scented flowers. June.

Mock Orange Syringa Virginialis. An improved variety of the old fashioned Mock Orange. Larger, double flowers.

Spirea Anthony Waterer. Dwarf. Pink. June and July.

Spirea Tricarpa. (Korean Spirea) One of the newer varieties similar to Spirea Van Houttei, blossoming later.

Spirea Van Houttei. Mass of white. Early June.

Snowball, Japan. White ball shaped flowers. Late May. 75c each.

Snowberry. Pink flowers followed by white berries in fall.

Weigelia Eva Rathke. Crimson flowers. June.

Weigelia Rosea. Pink. Early June.

PEONIES

White, pink or red. \$.35 each, 3 for \$1.00.

ROSE BUSHES

We handle only the best two-year plants. They are not to be compared with department store "so called bargains".

CLIMBING ROSES — \$.45 each, \$4.00 per ten

Best 2 yr. No. 1

American Pillar. Single, very pink, large flowers.

Climbing American Beauty. Red.

Dr. Van Fleet. Flesh pink.

Dorothy Perkins. Pink.

Excelsa. Crimson red.

Gardenia. Cream yellow.

Mary Wallace. Salmon pink.

Paul's Scarlet. Scarlet.

Primrose. A new hardy, yellow climber with large double, canary yellow flowers in great profusion.

Silver Moon. Pure white, yellow stamens.

White Dorothy Perkins. White.

HYBRID PERPETUALS (HARDY)

Best 2 yr. No. 1 \$.50 each, \$4.50 per ten

American Beauty. Red.

General Jacqueminot. Red.

Frau Karl Druschki. Pure white.

TEA ROSES (EVERBLOOMING)

Best 2 yr. No. 1 \$.50 each, \$4.50 per ten

Betty Uprichard. Brilliant copper red buds and semi-double salmon pink flowers stained with copper pink on outside.

Columbia. Vivid pink.

E. G. Hill. Large blossoms of deep maroon, velvety inside, glistening outside. Very fragrant.

Etoile de Hollande. Dark, velvety crimson.

Francis Scott Key. Brilliant crimson.

Gruss an Teplitz. Very free bloomer. Bright crimson red.

K. A. Victoria. Pure white. Very fine form.

Killarney White. Pure white.

Miss Rowena Thom. Brilliant, satiny pink, shaded with orange. Flame at center.

Mme. Butterfly. Bright pink, apricot and gold.

Mme. Edouard Herriot. Coral red, shaded yellow and scarlet.

Mrs. Aaron Ward. Yellow, sometimes shaded salmon and rose.

Mrs. Charles Bell. Salmon, turning to pearly pink.

Mrs. E. P. Thom. Fine long buds open into rich lemon-yellow bloom.

Pink Radiance. Carmine pink, yellow at base of petals.

President Herbert Hoover. Maroon, orange and gold, long pointed buds, rigid stems and continuous bloomer.

Red Radiance. Dazzling, crimson scarlet.

Talisman. Orange red, golden yellow and copper red.

Red Baby Rambler. A very free bloomer with blooms similar to crimson rambler, but plant dwarf.

EVERGREENS

We have a large assortment of varieties and sizes of evergreens, but as our past experience shows that buyers prefer to see this class of stock, we shall not attempt to list them, but in the spring we shall be glad to have our customers call and make their own selections.

TESTIMONIALS

Gentlemen:
We have always been satisfied before with your nursery stock and I recommend you to any one whom I hear speak of trees and plants.

Foxboro, Mass., February 5, 1938

Dear Sirs:
First let me say that the asparagus plants that you furnished me last year were fine stock, that every crown lived and thrived and that I shall in the future order from you any nursery stock that I find myself in need of.

Milford, Mass., February 28, 1938

Gentlemen:
Writing you these few lines to let you know that the last order I sent for is doing fine.

Pawtucket, Rhode Island, March 1, 1938

Gentlemen:
You may recall that I purchased quite a bit of stock from you last spring and will be interested to know that all of the fruit trees and the asparagus seem to be thriving nicely.

Marlboro, Mass., April 28, 1938

Dear Sirs:
I received my trees in excellent condition. They were good, sturdy trees and had fine roots. I am very well satisfied.
